

WILF IMPACT CENTER CONVERSATIONS

Hosted by the Wilf Impact Center for Public Interest Law, Wilf Impact Center Conversations is a speaker series that highlights how current events impact civil rights and civil liberties.

THE WOMAN-LED ACCOUNTABILITY MOVEMENT

Our country has been seeing a push toward accountability in all areas of our lives, from private individuals to public figures. The movement primarily has been led by women—some have been seeking accountability and justice from powerful men who engaged in sexual harassment and assaults; others have helped private victims of abuse and harassment.

Join us to hear from **Carrie Goldberg**, founder of victims' rights law firm C. A. Goldberg, PLLC, for a discussion about the work her firm is doing to fight for accountability from abusers and to protect victims of sexual violence.

This event is open to all NYLS students, alumni, faculty, and staff.

DATE: Tuesday, April 5, 2022

TIME: 12:50 p.m.–1:50 p.m. EDT

PLACE: Virtual
