Information on how to access this virtual event will be provided via email closer to the event date. Advance registration is required.

Our spring program will bring together a panel of diverse professionals and nonprofit representatives to explore one of the most central, recurrent occupancy questions for charities: whether and when to own, to lease, to host, or share space or to be or become virtual. The panel will address a series of representative nonprofit programmatic and operational situations and share their reactions and perspectives, providing food for thought for every charity while demonstrating once again that one size doesn't fit all.

**MODERATOR**

James Hagy, Director, The Rooftops Project
