Session 1: AI Basics for Lawyers

The speaker will present a general discussion
on current AI technology systems, AI use
in the legal field, and set a baseline for law
student familiarity and access to programs
through their school programs. The discussion
will address effectiveness, reliability, and core
concerns regarding use in the legal field.

Session 2: Ethics of Supervising Student Use of Generative AI

A panel of speakers will discuss best practices
and issues that may arise when supervising
student use of AI in the legal workplace.
